

A House For Hermit Crab Handprint Activity

1. Carefully cut out the shell artwork to the left.
2. Apply paint* to child's left hand and press onto a piece of white card stock or paper.
3. Quickly go wash hands and remove paint!
4. While the handprint is drying, cut a piece of pipe cleaner and fold in half.
5. Cut the handprint out once the paint has dried.
6. Glue googly eyes to the ends of the pipe cleaner.
7. Attach the handprint to the shell of the hermit crab so the fingers point downwards.
8. Attach the pipe cleaner to the back of the handprint with glue or tape.

*Suggest using non-toxic
washable tempera paints.
